AKA DRUGS IN SPORT POLICY

1. What is AKA Position on Doping?

- 1.1 AKA Incorporated condemns the use of performance enhancing drugs and doping practices in sport. The use of performance enhancing drugs and doping practices is contrary to the ethics of sport and potentially harmful to the health of members and competitors. The only legitimate use of drugs in sport is under the supervision of a physician for a clinically justified purpose.
- 1.2 AKA aims to prevent doping practices in sport by:
 - a. imposing effective sanctions on persons who commit doping offences
 - b. educating and informing persons about drugs in sport issues, and
 - c. Implementing drug testing programs and education initiatives.
- 1.1 AKA will:
 - a. give ASDA timely and accurate member contact information as and when required.
 - b. engage appropriate drug testing authorities to conduct doping control
 - c. make this Policy available to competitors, officials and medical and health practitioners
 - d. develop and implement drug education and information programs for competitors, officials and medical and health practitioners, and
- 1.1 Competitors and other persons may be subject to testing, investigation and discipline under this Policy.
- 1.2 AKA will not disclose or use information about a person who is alleged to have, or has committed a doping offence except (for a purpose under this Policy) to:
 - a. the ASC
 - b. the FIA/CIK, or
 - c. another person until after:
 - (i) the AKA, AKA Tribunal or the CAS has made a determination, or
 - (ii) the CEO has decided not to refer the matter to a hearing.

2. Who does this Policy Apply to?

This Policy applies to:

- a. Members
- b. competitors, officials and
- c. employees and contractors of AKA Incorporated.

3. What is a Doping Offence?

- 3.1 A competitor commits a doping offence if:
 - a) a prohibited substance (see Attachment 1) is present within the competitor's body tissue, fluids or expired air, unless except where:
 - (i) the competitor uses the prohibited substance for a therapeutic purpose (see clause 3.4), or
 - (ii) there are exceptional circumstances (see clause 3.5)
 - b) the competitor uses or takes advantage of a prohibited method, (see Attachment 2) or
 - c) the competitor refuses to provide a sample for testing when requested by a drug testing authority.

- 3.2 A person (including a competitor) commits a doping offence if:
- the person is knowingly involved in trafficking, or
 - the person knowingly assists, or is knowingly involved in the commission of a doping offence by another person.
- 3.3 A doping offence is proved if a person admits to having committed the doping offence to another person.

Therapeutic Purpose

- 3.4 A person uses a prohibited substance for a therapeutic purpose if:
- The person had provided notification to the CEO prior to testing
 - the person had written approval prior to testing from a AKA State Medical Assessor or the AKA Chief Medical Assessor for the therapeutic use of the prohibited substance
 - the level of the prohibited substance in the sample is consistent with the approved therapeutic use, and
 - rules permit the therapeutic use of the prohibited substance and is consistent with the FIA rules (see Attachment 3).

Exceptional Circumstances

- 3.5 Exceptional extenuating circumstances exist if the presence of the prohibited substance is beyond the person's control. For example:
- the person has a natural T/E Testosterone : Epitestosterone ratio above 6:1, or
 - the person is administered the prohibited substance in hospital without their knowledge.
- Exceptional extenuating circumstances do not exist merely because the person:
- took the prohibited substance inadvertently, or
 - did not know that the substance was prohibited.
- 3.6 The onus of proof is on the person who claims that:
- they used a prohibited substance for a therapeutic purpose, or
 - there are exceptional circumstances.

The meaning of "therapeutic use" and "extenuating circumstances" may be varied in the case of junior and veteran competitors.

4. Investigation of a Doping Offence and Referral to Hearing

- 4.1 Where AKA receives written confirmation of a positive test result or information that causes the Association to believe that a person may have committed a doping offence, the CEO will investigate the matter.
- 4.2 The CEO will refer the matter to a hearing under clause 4.6 if the CEO:
- reasonably considers that a person may have committed a doping offence, or
 - receives written notice from a drug testing authority of:
 - a positive test result by the person, or
 - a refusal by the person to provide a sample.

- 4.3 The CEO may decide not to refer the matter to a hearing if the person in writing:
 - a) Acknowledges that they have committed the doping offence, and
 - b) waives the right to a hearing in relation to:
 - (i) whether the person committed a doping offence, and
 - (ii) what sanction will apply. The AKA may apply a sanction as set out in clause 6.1.
- 4.4 Where the person is subject to the anti-doping policy of the ASC, the CEO will consult the ASC about the ASC's participation in any investigation and hearing. The CEO and the ASC may agree to make a joint referral to a hearing under clause 4.6.
- 4.5 If the CEO decides to refer the matter to a hearing, the CEO will send the person written notification which:
 - a) sets out the nature and basic details of the alleged doping offence
 - b) says that the CEO will refer the matter to a hearing within 14 days (unless the person gives a written waiver under clause 4.3), and
 - c) encloses a copy of this Policy.
- 4.6 The CEO will wait 14 days (or a shorter period agreed between the CEO and the person) after sending a letter under clause 4.5 and then will:
 - a) request the National Sports Disputes Centre to appoint a Committee
 - b) appoint the CAS, or
 - c) appoint an AKA Tribunal established in accordance with the rules of AKA to conduct a hearing. At least one of the Members of the Tribunal must be legally qualified and at least one must be a current member of AKA National Medical Committee
- 4.7 The CEO may withdraw the referral to a hearing under clause 4.6 at any time until the hearing commences if the person gives a written waiver under clause 4.3.
- 4.8 The CEO may:
 - a) suspend financial or other assistance to the person, and
 - b) suspend the person from competition in events and competitions conducted by or under the auspices of AKA or from international competition until the determination of the hearing.
- 4.9 The AKA Tribunal or the CAS will determine:
 - a) whether the person has committed a doping offence, and if so
 - b) what sanction will apply, and
 - c) how long the sanction will apply.

5. Conduct of Hearings

- 5.1 A person alleged to have committed a doping offence has a right to a hearing unless the circumstances in clause 4.3 apply. A person who has acknowledged that they have committed a doping offence may request a hearing on sanction (penalty) only.

- 5.2 If the CAS conducts the hearing, it will conduct the hearing as set out in the Code of Sport-related Arbitration. Where a AKA Tribunal conducts the hearing, the AKA Tribunal:
- will conduct the hearing in the manner the AKA Tribunal determines
 - will conduct the hearing:
 - with as little formality and technicality, and
 - as quickly as proper consideration of the matter permits
 - may conduct the hearing by telephone or other conference facility
 - may examine and cross-examine witnesses
 - may appoint a legal representative or other person to assist it, and
 - may allow the person alleged to have committed a doping offence to
 - examine and cross-examine witnesses, and
 - be assisted by a legal representative or other person.
- 5.3 The hearing AKA Tribunal or the CAS will accept the result of a test conducted by a drug testing authority, unless:
- the drug testing authority did not substantially comply with the applicable drug testing procedures, and
 - that noncompliance casts serious significant doubt on the result. The onus of proof is on the person who claims the AKA Tribunal or the AKA should not accept the result.
- 5.4 The AKA Tribunal or the CAS will give the CEO a written statement of:
- the findings of the hearing
 - what sanction (if any), if any, will apply, and
 - how long the sanction (if any) will sanction, if any, will apply.

6. What Sanctions Apply?

- 6.1 Where the AKA Tribunal or the CAS determines that a person has committed a doping offence, it will decide whether one or more of the following sanctions will apply.

The AKA Tribunal or the CAS may:

- ban the person from taking part, in any competition in Australia or in international competition
- ban the person from competing in any events and competitions conducted by or under the auspices of AKA
- make the person ineligible to receive direct or indirect funding or assistance from AKA Incorporated
- ban the person from holding any position within AKA
- require that the person remain on ASDA's register for the purpose of out-of-competition testing
- recommend that:
 - AKA
 - the ASC
 - the AIS, or
 - the AOC require the person to repay financial assistance given to the person from the date of the doping offence.

- g) require the person go to counselling for a specified period
 - h) withdraw awards, placings and records won in events and competitions conducted by or under the auspices of AKA from the date of the doping offence, and/or
 - i) reprimand the person.
- 6.2 Where the AKA Tribunal or the CAS determines that an employee or member of AKA Incorporated has committed a doping offence, AKA will take disciplinary action against the employee or member.

7. How Long do Sanctions Apply for?

- 7.1 Where the doping offence involves:
- a) anabolic androgenic steroids
 - b) peptide glycoprotein hormones or analogues
 - c) a prohibited method
 - d) a refusal to provide a sample, or
 - e) trafficking sanctions under clauses 6.1(a), (b), (c), (d) and (e) will apply for:
 - a) a minimum of two years for a first doping offence, and
 - b) life for a second doping offence.
- 7.2 In all other cases, sanctions under clauses 6.1(a), (b), (c), (d) and (e) will apply for:
- (i) six months or less for a first doping offence
 - (ii) two years for a second doping offence, and
 - (iii) life for a third doping offence.
 - (iv) Additional sanctions may be applied by the Tribunal
- 7.3 The AKA Tribunal or the CAS may consult the MAP for assistance in interpreting a positive test result. In exceptional an appropriate cases the AKA Tribunal or the CAS may vary the period in clause 7.1 or 7.2 on the basis of the MAP's interpretation and/or recommendation.
- 7.4 The sanction will apply from the date of the doping offence unless the AKA Tribunal or the CAS decides otherwise.

8. How will AKA Enforce Sanctions?

- 8.1 AKA will enforce the sanction decided by the CEO, AKA Tribunal or the CAS if the sanction is consistent with this Policy.
- 8.2 AKA may appeal under clause 102.1 if the CEO believes the sanction is inconsistent with this Policy.
- 8.3 AKA will recognise and enforce a sanction properly imposed on a person who has committed a doping offence under the anti-doping policy of:
- a) AKA
 - b) another organisations recognised by the AKA where the offence would be a doping offence under this Policy. Whether or not the finding of a doping offence or the sanction are consistent with this Policy.

- 8.4 The CEO must inform:
- the person
 - any relevant sporting organisations
 - the ASC
 - ASDA
- of the offence and the sanction applied by the CEO, AKA Tribunal or the CAS. The CEO may then inform other persons or organisations as the CEO thinks appropriate.
- 8.5 AKA may reinstate financial or other assistance to the person that the CEO suspended under clause 4.8.

9. **Review of a Finding of a Doping Offence or a Sanction**

- 9.1 A person may make an application to the CEO for review of a finding of a doping offence or a sanction where new and relevant information becomes available which was:
- not considered by the AKA Tribunal or the CAS at the hearing, and
 - not available to the person at the time of the hearing.
- 9.2 The application must:
- be in writing, and
 - set out the new and relevant information.
- 9.3 The CEO will consider the application and may refer the application to the AKA Tribunal or the CAS to:
- review the finding that the person committed the doping offence, and
 - decide whether to reduce or withdraw the sanction.
- 9.4 A sanction will remain in force during the review unless the AKA Tribunal or the CAS decides otherwise.
- 9.5 The CEO must inform:
- the person
 - any relevant sporting organisations
 - the ASC
 - ASDA and
 - any person or organisation informed of the original determination under clause 8.4 of any change to the original determination as a result of the review. The CEO may then inform other persons or organisations as the CEO thinks appropriate.

10. **How Can a Person Appeal a Decision?**

- 10.1 A person (including AKA) aggrieved by a decision under this Policy may appeal to the CAS Appeals Division.
- 10.2 The CAS Appeals Division will re-hear the matters appealed against as set out in the Code of Sport-related Arbitration.
- 10.3 A party to the appeal may:
- appear in person (a body corporate may be represented by any of its officers), or
 - be represented by a legal or other representative.

- 10.4 The decision of CAS Appeals Division will be final and binding on the parties to the appeal. No person (including AKA) may institute or maintain proceedings in relation to the appeal in any court or tribunal other than the CAS Appeals Division.
- 10.5 The sanction will remain in force during the appeal unless CAS Appeals Division decides otherwise.

11. Retirement and Comebacks

- 11.1 A person may retire from competition by notifying AKA in writing.
- 11.2 The person's retirement date will be the date AKA receives the notice.
- 11.3 Retirement does not:
- excuse the person from giving a sample requested before their retirement date
 - prevent the analysis of a sample given by the person before their retirement date, or
 - affect the results of testing under (a) or (b) above.
- 11.4 A person may make a written request to AKA for reinstatement one year after their retirement date. The request is taken to be made on the date AKA receives the request.
- 11.5 Reinstatement will be at the discretion of AKA, not be automatic.
- 11.6 This Policy will apply to the person from the date of their reinstatement request.
- 11.7 During the six month period following the reinstatement request the person may be tested:
- as required by AKA and FIA rules, and
 - at the discretion of ASDA.
- 11.8 A retired person may not compete in competitions and events conducted by or under the auspices of AKA until the following periods expire:
- For international competitions and events.
 - Two years from the date of the reinstatement request.
 - For domestic competitions and events
- Six months from the date of the reinstatement request.
- 11.9 A person may apply to the CAS Appeals Division to be eligible to compete in international competitions and events before the period set out in clause 11.8 expires.
- 11.10 A person may apply to the CEO to be eligible to compete in domestic competitions and events before the period set out in clause 11.8 expires.

12. What do Words used in this Policy Mean?

12.1 In this Policy:

"AIS" means the Australian Institute of Sport.

"CEO" means the Chief Executive Officer of AKA Incorporated.

"AOC" means the Australian Olympic Committee Inc.

"ASC" means the Australian Sports Commission established by the Australian Sports Commission Act 1989.

"ASDA" means the Australian Sports Drug Agency established by the Australian Sports Drug Agency Act 1990.

"Competitor" means a person who:

- a) participates (whether in competition or out-of-competition) in a sporting activity conducted by or under the auspices of AKA, or
- b) uses the facilities of AKA.

"CAS" means the Court of Arbitration for Sport (Oceania Registry).

"Drug Testing Agency"

- a) an agency which conducts testing on competitors for the detection of prohibited substances where:
 - (i) the methods of testing substantially accord with AKA procedures, and
 - (ii) the sample is analysed by an approved or an accredited laboratory.

"FIA" means the Federation Internationale de l'Automobile, the sole International sporting body entitled to make and enforce regulations for the control of automobile competitions.

"MAP" means the Medical Advisory Panel which is a committee of medical experts and where appropriate other experts appointed by the ASC operating under rules and procedures approved by the ASC.

"Member" means:

- a) a person who, or body which, is a member of AKA Incorporated, or holds a AKA licence
- b) a person who, or body which, is affiliated with AKA Incorporated, or
- c) a person who is a member of a body which is a member of or affiliated with AKA and includes a person taking part in, or involved in or associated with (e.g. as a driver, entrant, competitor, team manager or member, official, medical or allied health practitioner) any sporting activity conducted, authorised or recognised by AKA.

"AKA Incorporated" includes "AKA" and its member and affiliated organisations.

"National Sports Dispute Centre" means the National Sports Disputes Centre Pty Limited Incorporated (ACN 072 380 217).

"Official" means a person who administers, manages, assists or is otherwise involved in motor sport under the auspices of AKA Incorporated other than as a competitor, or medical or analogous health practitioner.

"Positive test result" means a result of a test by a drug testing authority which shows the presence of a prohibited substance in a sample.

"prohibited method" means a method prohibited under the anti-doping policy of AKA Incorporated (see Attachment 1)

"prohibited substance" means a substance prohibited under the anti-doping policy of AKA Incorporated (see Attachment 2) "recognised medical authority" means:

- a) the MAP, or
- b) an authority recognised by the MAP which may authorise the use of a prohibited substance.

"sample" means human biological fluid, expired air or tissue.

"testing" means the requesting, collecting and analysis of a sample.

"trafficking" means:

- a) manufacturing, extracting, transforming, preparing, storing, expediting, transporting, importing, transiting, offering (whether subject to payment or free of charge), distributing, selling, exchanging, brokering, obtaining in any form, prescribing, commercialising, making over, accepting, possessing, holding, buying or acquiring in any manner a prohibited substance
- b) financing or serving as an intermediary for the finance of any of the activities in paragraph (a)
- c) provoking in any way the consumption or use of a prohibited substance, or
- d) being knowingly concerned or involved in a prohibited method other than for personal use by an athlete and/or for therapeutic purposes in the course of the legal exercise of professional medical, pharmaceutical or analogous activities. 12.2 Words in the singular include the plural and vice versa.

12.2A person includes a body corporate.

Attachment 1

Prohibited Methods of Doping

A. BLOOD DOPING

Blood transfusion is the intravenous administration of red blood cells or related blood products that contain red blood cells. Such products can be obtained from blood drawn from the same (Autologous) or from a different (non-Autologous) individual. The most common indications for red blood transfusion in conventional medical practice are acute blood loss and severe anaemia. Blood doping is the administration of blood or related red blood products to an athlete. This procedure may be preceded by withdrawal of blood from the athlete who continues to train in this blood depleted state. These procedures contravene the ethics of medicine and of sport. There are also risks involved in the transfusion of blood and related blood products. These include the development of allergic reactions (rash, fever etc.) and acute haemolytic reaction with kidney damage if incorrectly typed blood is used, as well as delayed transfusion reaction resulting in fever and jaundice, transmission of infectious diseases (viral hepatitis and AIDS) overload of the circulation and metabolic shock. Therefore the practice of blood doping in sport is banned by AKA Incorporated and the IOC Medical Commission. AKA Incorporated and the IOC Medical Commission bans Erythropoietin as method of doping (see section I, Doping Classes, F-Peptide hormones and analogues).

B. PHARMACOLOGICAL, CHEMICAL AND PHYSICAL MANIPULATION

Pharmaceutical, chemical and physical manipulation is the use of substances and of methods which alter, attempt to alter or may reasonably be expected to alter the integrity and validity of urine samples used in doping controls, including, without limitation, catheterisation, urine substitution and or tampering, inhibition of renal excretion such as by probenecid and related compounds and epitosterone application. The success or failure of a prohibited substance or method is not material. It is sufficient that the said substance or procedure was used or attempted for the infraction to be considered as consummated.

Attachment 2

Prohibited Substances in AKA Permitted Motor Sport

A BROAD CLASSES OF SUBSTANCES PROHIBITED IN MOTOR SPORT INCLUDE:

1. **STIMULANTS** e.g. amphetamines, cocaine, ephedrine, salbutamol (Ventolin) and terbutaline (Bricanyl). The latter two are permitted by inhaler only and only with prior written notification of the physician. Caffeine is permitted provided the concentration in the urine does not exceed 12 micrograms/mL.
2. **NARCOTIC ANALGESICS** e.g. diamorphine (heroin), methadone, morphine, pentazocine, pethidine and related substances.
3. **ANABOLIC AGENTS** (anabolic androgenic steroids) e.g., fluoxymesterone, methenolone, nandrolone, oxandrolone, stanozol, testosterone and related substances.
4. **DIURETICS** e.g. chlorthalidone, frusemide, hydrochlorothiazide, spironolactone and related substances. These are widely used for the elimination of excess fluid from tissues in certain pathological conditions and in the treatment of high blood pressure. They may be misused by competitors for two main reasons: to reduce weight quickly in sports where weight categories are involved, and to reduce the concentration of drugs by diluting the urine.
5. **PEPTIDE AND GLYCOPROTEIN HORMONES AND ANALOGUES** e.g. HCG, ACTH, H. Administration of these compounds increases the rate of production of the body's own steroids and is considered equivalent to the administration of steroids. Erythropoietin induces changes similar to blood doping and is therefore prohibited. In addition to the IOC list of prohibited substances, AKA Incorporated may prohibit or restrict the use of the following substances:
6. **ANTIHISTAMINES** ("anti-allergy" drugs) The older antihistamines (e.g. pheniramine, diphenhydramine, promethazine, chlorpheniramine etc.) have been shown to impair motor skills and judgement and may have an additive effect with other medications. They should not be taken in the twenty-four hours prior to a motor sport event. The newer "non-sedating" antihistamines (terfenadine, loratadine, astemizole and cetirizine) have not been shown to significantly impair motor skills or judgement and are permitted.
7. **PSYCHIATRIC DRUGS** Most of the psychiatric medications are liable to cause some degree of drowsiness or diminished concentration or motor performance. These drugs are also used to treat many conditions which are themselves a contraindication to participation in motor sport. However the individual response to these drugs is very difficult to predict and the drugs may be taken for many different conditions and in greatly varying dosages. In general, the following drugs are prohibited if currently taken:
 - tricyclic, tetracyclic and MAOI antidepressants
 - antipsychotics
 - minor tranquillisers and sedatives
 - CNS stimulants (included on the IOC list)

If a person has been taking any of these drugs on a regular basis, a period of at least two weeks should elapse before they can be assessed for fitness to participate in motor sport.

The drugs which may be permitted after individual assessment include:

- maintenance treatment with SSRI or RIMA antidepressants
- maintenance treatment with "mood stabilisers" (e.g. lithium, carbamazepine or sodium valproate)

B. CLASSES OF DRUGS SUBJECT TO CERTAIN RESTRICTIONS IN MOTOR SPORT

Alcohol

Tests may be conducted for ethanol. The blood alcohol content must be 0.02mg/100mL. Positive results will lead to sanctions. Marijuana Tests may be conducted for cannabinoids (Marijuana, Hashish etc) Positive results will lead to sanctions.

Local anaesthetics

Injectable local anaesthetics are permitted under the following conditions:

A that bupivacaine, lidocaine, mepivacaine, procaine etc. are used but not cocaine.

Vasoconstrictor agents (e.g. adrenaline) may be used in conjunction with local anaesthetics.

B only local or intra-articular injections may be administered;

C only when medically justified. In agreement with International Sports Federations and the responsible authorities, notification of the permitted use may be necessary except for dental application. The details including diagnosis, dose and route of administration must be submitted prior to the competition or, if administered during the competition, immediately after injection, in writing to the relevant medical authority. Corticosteroids. The use of corticosteroids is banned except:

A for topical use (mucosal) but not rectal;

B by inhalation;

C by intra-articular or local injection.

The IOC Medical Commission has introduced mandatory reporting of athletes requiring corticosteroids by inhalation during competitions. Any team doctor wishing to administer corticosteroids by inhalation or by local or intra-articular injection, or by inhalation, to a competitor must give written notification prior to the competition to the relevant medical authority.

Beta-blockers, e.g. alprenolol, atenolol, metoprolol, oxprenolol, propranolol and related substances.

The IOC Medical Commission has reviewed the therapeutic indications for the use of betablocking drugs and noted that there is now a wide range of effective alternative preparations available in order to control hypertension, cardiac arrhythmias, angina pectoris and migraine. Due to the continued misuse of beta-blockers in some sports where physical activity is of no or little importance, the IOC Medical Commission reserves the right to test those sports which it deems appropriate.

C. SUMMARY OF IOC REGULATIONS FOR DRUGS WHICH NEED PHYSICIAN WRITTEN NOTIFICATION

SUBSTANCES	PROHIBITED	AUTHORISATION WITH NOTIFICATION	AUTHORISED WITHOUT NOTIFICATION
Selected beta-agonists*	Oral Systemic injections	Inhalation	
corticosteroids	Oral Systemic injections Rectal	Inhalation Local injections, Intra-articular injections	Topical (mucosal)
Local anaesthetics**	Systematic injections		Dental Local injections*** Intra-articular injections***

* salbutamol, salmeterol, terbutaline; all other beta-agonists are prohibited.

** except cocaine, which is prohibited

*** in agreement with some International Sports Federations, notification may be necessary in some sports.

D. FURTHER INFORMATION

For further information please refer to the Medical Assessor in your state or phone the Drugs in Sport Hotline - 1800 020 506. See also the IOC list of prohibited substances.

Attachment 3

FIA Policy on Drugs in Sport

The FIA policy on drugs in sport, as advised in Appendix L, Chapter II, Article 4 of the 1998 FIA yearbook follows.

4. ANTI DOPING TESTS

4.5 General:

The following measures are advocated to combat doping:

- prevention
- controls
- sanctions

4.1.1 Prevention

Prevention is the joint responsibility of the ASNs and the FIA by means of:

- Information
- Education

4.1 Controls

4.1.2.1 The reference list of substances (section 1) and of methods (section 11) which are forbidden is that drawn up and regularly updated by the IOC for motor sport, test may also be carried out to detect the presence of alcohol (section III A) marijuana (section III B) and beta blockers (section III E).

4.1.2.2 The following conditions must be fulfilled:

- the presence of a doctor delegated by the ASN and/or FIA;
- for sampling during a competition, the presence of one of the Stewards of the meeting or one member of race control
- the respect of professional confidentiality;
- the respect of the basic rights of the driver undergoing the test: assistance from a third party of his/her choosing who is at the site at the time of the sampling
- The possibility of a counter analysis;
- analyses and possible counter-analyses to be carried out obligatory by a laboratory accredited by the International Olympic Committee.
- justification of a therapeutic nature must be taken into account;

4.1.2.3 Samples may be taken either:

- A. at the request of the ASN concerned, or the AKA or
- B. at the request of the FIA;

Furthermore,

- C. at the request of the President of the FIA, spot checks may be carried out both during competitions and at other times. In case (a), the FIA should be notified as quickly as possible. In the case of (b) the FIA should inform the ASN concerned at least 20 days prior to the test. If a spot test is to be carried out, the ASNs concerned will receive no prior notification. Any driver designated for testing is obliged to submit himself/herself to such tests; if he/she does not, he/she will be liable to a sanction under article

4.1.3 For (b) and (c), the ASNs of the drivers undergoing the tests will be notified of the results.

4.1.2.4 The President of the FIA must be notified immediately of the results of the analyses, either directly, by the laboratory which carried out the tests (FIA spot check), or, in other cases, by the ASN of the country in which the tests were carried out.

4.1.2.5 The following are responsible for designating the drivers to be tested:

- a. during an event: the Stewards of the meeting;
- b. at other times; the President of the FIA.

4.1.2.6 Samples will be taken at the following times:

at the latest, one hour after; the finish of the race, the end of the practice session, or the official notification of a withdrawal.

- For out of competition testing: at any time. The quantity of urine collected should be sufficient to allow analysis and possible counter-analysis (75ml. In two hermetically sealed containers with an attestation by the delegated doctor affixed, one of which will be preserved with all suitable precautions for the requirement of a possible counter-expertise).

4.1.2.7 Should the analysis of one of the samples prove positive, the driver will be notified immediately by the ASN or AKA. A counter-expertise may be carried out at the request of the driver concerned within the eight days following the notification of the results. The cost of this counter-expertise will be charged to the driver, and will be refunded should the second analysis prove negative.

4.1.3 Sanctions

Any justification of a therapeutic nature which may have been invoked having been taken into account, any driver declared positive shall be referred to the sporting jurisdiction of his/her ASN or AKA and judged according to articles 152 and 153 of the Sporting Code. Furthermore, for infringements of a particularly serious nature, the FIA may substitute for the ASN or AKA to judge a driver who has been declared positive, in accordance with the above-mentioned articles. In this case, the competent ASN or AKA cannot refuse to bring an appeal before the International Court of Appeal on behalf of the party concerned.

2010 AKA Events Calendar

DATE	EVENT	CLUB / TOWN	STATE
12/13/14 February	Victorian Open State Championships	Host Club: Oakleigh Go Kart Club Venue: Deals Road, Clayton	VIC
5/6/7 March	CIK Round 1	Newcastle	NSW
2/3/4 April	AKA 48th National Sprint Kart Championships	Host Club: Eastern Lions Kart Club Venue: Hume International Raceway, Puckapunyal	VIC
1/2 May	Queensland State Dirt Championships	Host Club: Mt Isa Kart Club Venue: Lagoon Park Raceway	QLD
7/8/9 May	CIK Round 2	Ipswich	QLD
5/6 June	AKA COMMITTEE CONFERENCES	Location: Sydney	NSW
18/19/20 June	CIK Round 3	Eastern Creek	NSW
25/27 June	Northern Territory State Championships	Host Club: Darwin Venue: Berrimah	NT
1/2/3/4 July	Queensland State Championships	Host Club: Mackay Kart Club Venue: Keilbach Park Raceway	QLD
5/6/7 Aug	CIK Round 4	TIMC Complex – Todd road	VIC
20/21/22 August	AKA AGM/GENERAL MEETING	Location: TBA	QLD
28/29 August	NSW State Non Bitumen Championships	Host Club: Forbes Kart Club Venue: Daroobalgie	NSW
3/4/5 September	National Formula Ratax Championships	Host Club: TBA	QLD
1/2/3 October	NSW State Championships	Host Club: Tamworth Kart Racing Club Venue: Oakburn Park	NSW
1/2/3 October	Western Australia State Championships	Host Club: Tiger Kart Club Venue: Cockburn International Raceway	WA
19/20/21 November	Tasmanian State Championships	Host Club: Southern Tas Karting Club Venue: Orielson Kartway	TAS
26/27/28 November	South Australian Open Sprint Championships	Host Club: Dublin Kart Club Venue: Monarto Kartway	SA
